

Curriculum Vitae

CHRISTOPHER W. KUZAWA

Department of Anthropology
Northwestern University
1810 Hinman Avenue
Evanston, IL 60208

Tel: (847) 467-4032
Fax: (847) 467-1778
kuzawa at northwestern dot edu

Webpage: <http://www.cas.northwestern.edu/anthropology.LHBR/Kuzawa.html>

Areas of Specialization and Current Research Activities

Interests: Developmental and intergenerational influences on biology and health, evolutionary medicine, developmental plasticity, the evolution of human life history, human growth and development, epidemiology and statistical methods, social influences on human health disparities.

Academic Appointments

- 2013- Professor, Department of Anthropology, Northwestern University
- 2008-2013 Associate Professor, Department of Anthropology, Northwestern University
- 2005- Faculty Fellow, Institute for Policy Research, Northwestern. Founding member and member of Executive Committee: *Cells 2 Society, the Center on Social Disparities and Health*.
- 2004- Member, Center for Reproductive Science, Northwestern.
- 2003- Adjunct Curator in Anthropology, The Field Museum, Chicago
- 2007-2010 Senior Research Fellow (Visiting appointment), Faculty of Medical and Health Sciences, University of Auckland, New Zealand
- 2002-2008 Assistant Professor, Department of Anthropology, Northwestern University

Education

- 2002 NIH National Research Service Award. Postdoctoral Fellowship in cardiovascular epidemiology. Division of Epidemiology, University of Minnesota (Minneapolis).
- 2001 Ph.D., Department of Anthropology, Emory University (Atlanta, GA)
- 2001 M.S.P.H., Department of Epidemiology, Rollins School of Public Health, Emory University (Atlanta, GA)
- 1993 B.A., Department of Anthropology (*summa cum laude*), University of Colorado (Boulder)

Academic Honors and Awards

- 2018- Elected Member, National Academy of Science
- 2011- Member, Health Inequality Network, Human Capital and Economic Opportunity Working Group, U of Chicago.
- 2006-2007 Elected by students to Faculty Honor Roll for teaching.
- 2007-2010 Visiting position (Senior Research Fellow), Faculty of Medical and Health Sciences, University of Auckland, New Zealand
- 2003-2004 Elected by students to Faculty Honor Roll for teaching.
- 2002 Winner, Society for International Nutrition Research Competition at Experimental Biology.
- 2000 Edward E. Hunt prize for paper presented at the 25th Annual Meeting of the Human Biology Association.
- 1997 Ales Hrdlicka prize for paper presented at the 66th Annual Meeting of the American Association of Physical Anthropologists.
- 1997 Fellowship, Center for the Study of Culture, Health, and Society; Rollins School of Public Health, Emory University
- 1994 Doctoral Fellowship, Department of Anthropology, Emory University
- 1993 Honors for bachelor's thesis (*summa cum laude*): "Lifelong cortical bone growth and loss among the Classic period Hohokam of Pueblo Grande."

Review/Advisory Panels, Editorial Boards

- 2019- Associate Editor, *American Journal of Human Biology*
- 2018- Advisory Committee, Directorate for Social, Behavioral and Economic Sciences (SBE), National Science Foundation.
- 2014- Editorial Board, *American Journal of Human Biology*
- 2014- Editorial Board, *Adaptive Human Behavior and Physiology*
- 2011- Editorial Board, *Evolution, Medicine and Public Health*
- 2008- Editorial Board, *Annals of Human Biology*
- 2016- Co-Director, Health Inequality Network, Human Capital and Economic Opportunity Working Group, U of Chicago.
- 2016 Review Panel: NIH Environmental Influences on Child Health Outcomes (ECHO)
- 2013 Review panel: NIH (Social Science and Population B, Ad Hoc)

- 2012-2013 Review panel: Wenner-Gren Foundation
- 2009-2011 Review panel: National Science Foundation – Physical Anthropology program, Senior Proposals.
- 2006-2007 Review panel: National Science Foundation – Physical Anthropology program, Dissertation Improvement Award applications.
- 2004-2005 Review panel: National Science Foundation – Behavioral, Social, and Economic Sciences, Research Opportunities for Undergraduates (REU) site applications.
- 2011- Advisory Committee, Office of Population Studies Foundation, University of San Carlos, Cebu, Philippines.

Active funding

- 7/15/15-6/30/18 **National Science Foundation**, “The evolutionary biology of telomeres”
Role: Co-I
- 9/1/14-8/31/17 **National Science Foundation**, “Early environments, epigenetics, and inflammation during pregnancy”
Role: Co-I
- 7/1/13-6/30/18 **National Institute of Health (NICHD)**, “The price of debt: The unequal burden of financial debt and its impact on health”
Role: Co-I
- 7/1/11-6/30/16 **National Institute of Health (NIA)**, “Multidimensional pathways to healthy aging among Filipino women”
Role: Co-I

Completed funding

- 8/1/13-7/31/16 **National Science Foundation**, “Hormonal changes among fathers and their impact on child development and relationship quality”
Role: PI
- 9/15/12 – 8/31/15 **National Science Foundation**, “Collaborative Research: Leveraging Matched Administrative Datasets to Improve Educational Practice and Long Run Life Outcomes: Toward Building a National Interdisciplinary Network”
Role: Co-I
- 09/1/08-06/30/14 **National Institute of Health R01** “Modeling the Developmental Origins of Adult Disease Risk Factors.”
Role: PI of NU subcontract (Adair PI, UNC)
Objective: Develop structural equation models linking early life and developmental predictors of adult cardiovascular disease outcomes, with a specific focus on inflammatory pathways.

- 9/01/08-08/30/14 **National Science Foundation**, “Collaborative Research: Evolutionary origins of brain energetics and adaptive plasticity of humans”
Role: Co-PI (Goodman, PI)
Objective: use PET imaging and genetic and epigenetic sequencing to establish energetic costs of brain and molecular basis of the evolution of encephalization.
- 7/1/10-6/30/13 **National Institute of Health (NICHD)**, “Influence of Placental Structure and Function on Birth Weight in the Philippines”
Role: PI (w/J Rutherford)
- 6/15/08-2/29/12 **National Science Foundation**, “Fetal Growth as a Cue of Matrilinial Nutritional History in the Philippines.”
Role: PI
Objective: Use 26 years of longitudinal data and new data collection to investigate the potential role of fetal nutrition as an intergenerational cue of local nutritional ecology.
- 7/01/06-6/30/10 **National Institute of Health (NHLBI)**, 1 R01 HL085144
Title: “Obesity Development and CVD Risk Factor Clustering in Filipino Women and Offspring”
Role: PI of Northwestern subcontract (Adair PI, UNC).
Objective: Use longitudinal data collected among 3000+ mother/offspring pairs to model the factors influencing weight gain and the development of the metabolic syndrome in a Philippine population.
- 7/01/06-6/30/11 **National Institute of Health (NICHD)**, R21 HD053946-01
Title: “Cells to Society: The Center on Social Disparities and Health”
Role: Co-PI (Chase-Landsdale PI).
Objective: Infrastructural support grant to help establish a new center for multi-disciplinary research on health disparities.
- 1/01/06-09/31/09 **National Science Foundation**, “Early Life Nutrition, Developmental Plasticity, and Reproductive Ecology in Filipino Males.”
Role: PI.
Objective: Use 22 years of longitudinal data, with saliva and plasma samples, to investigate the early life influences on adult reproductive function and sexually-dimorphic somatic traits in Filipino males.
- 1/01/06-11/31/07 **Wenner-Gren Foundation**, “Developmental plasticity of male reproductive ecology and life history”
Role: PI

Objective: Use 22 years of longitudinal data, with saliva and plasma samples, to investigate the early life influences on adult reproductive function in the Filipino males.

- 01/01/07 **National Science Foundation**, “Symposium Proposal: The Adaptable Phenotype.”
Role: PI
Objective: Inter-disciplinary symposium on the convergence of evolutionary biology, genetics, developmental biology and life history theory.
- 4/01/05-3/31/06 **National Institute of Health (NIA)**, Funded by Center Grant 5-K07-AG001015
Title: “Developmental Determinants of Young Adult Risk Factors for Aging-related Chronic Diseases”, (PI LS Adair, UNC).
Role: PI of Northwestern subcontract
Objective: Allowed collection of biological specimens (saliva, fasting plasma, DNA) in entire Cebu cohort of mothers.
- 7/1/05-12/31/05 **National Institute of Health (NICHD)** U01 HD044226-01
Title: “Community Action for Child Health Equity”
Role: Co-Investigator
Objective: Helped plan a five-city study of the effects of social environments on birth outcome and early childhood stress hormone physiology, with the aim of better understanding racial and economic disparities.
- 9/1/98-6/12/00 **NSF 9810373**
Title: “Birth weight, culture change and cardiovascular risk factors in Filipino adolescents” (Dissertation)
Role: Co-Investigator
Objective: Tested hypothesis that birth weight and maternal nutrition during pregnancy would predict CVD risk factors in adolescent offspring experiencing rapid cultural/SES change in Philippines.

Funding (support for advisee PhD research)

- 4/1/18-3/31/19 **National Science Foundation**, “Doctoral Dissertation Improvement: Quantifying the costs of human reproduction using the ‘epigenetic clock’”
Role: Co-PI (w/Calen Ryan)
- 11/1/16-10/31/18 **National Science Foundation**, “Doctoral Dissertation Improvement: Intergenerational impacts of diet and lifestyle change among Alaska Native women and their children”
Role: Co-PI (w/Ruby Fried)

- 1/1/15-12/31/16 **Wenner Gren Foundation**, “Intergenerational Impacts of Culture Change: Traditional food and the metabolic functioning of Alaska Native peoples” (Dissertation Research)
Role: advisor (Ruby Fried)
- 1/1/13-12/31/13 **National Science Foundation**, “Doctoral Dissertation Improvement: Intergenerational effects of maternal stress in pregnancy: Epigenetic mechanisms”
Role: Co-PI (w/Zaneta Thayer)
- 6/1/11-5/31/13 **Wenner Gren Foundation**, “Intergenerational programming of stress reactivity: role of epigenetic mechanisms” (Dissertation Research)
Role: advisor (Zaneta Thayer)
- 1/1/10-1/1/11 **National Science Foundation**, “Doctoral Dissertation Improvement: Longitudinal Perspectives on Human Paternal Psychobiology in the Philippines”
Role: Co-PI (w/Lee Gettler)
- 1/1/10-1/1/11 **National Science Foundation**, “Doctoral Dissertation Improvement: Cross-Population and Longitudinal Predictors of Telomere Length Variation: Do Infectious Exposure and Catch-Up Growth Make the Difference?”
Role: Co-PI (w/Dan Eisenberg and Geoff Hayes)
- 12/31/10-12/31/11 **Wenner Gren Foundation**, “Ecological predictors of telomere lengths: a longitudinal and cross-population analysis of human biological diversity” (Dissertation Research)
Role: advisor (w/Dan Eisenberg)
- 9/1/10-8/31/11 **Wenner Gren Foundation**, “Longitudinal Perspectives on Paternal Socioendocrinology in the Philippines” (Dissertation Research)
Role: advisor (w/Lee Gettler)
- 8/01/07-2/28/09 **National Science Foundation**, “Doctoral Dissertation Improvement: Early life growth and nutrition and milk composition in adulthood.”
Role: Co-PI (w/Elizabeth Quinn)

(ed.), *Evolution and Medicine: How New Applications Advance Research and Practice*, The Biomedical & Life Sciences Collection, Henry Stewart Talks Ltd, London (online at <http://www.hstalks.com/?t=BL0141542-Kuzawa>)

Letters to the Editor

- 2014 “Reply to Skoyles: Decline in growth rate, not muscle mass, predicts the human childhood peak in brain metabolism.” *Proc Natl Acad Sci* 111(46):E4910
- 2014 “Response to Agilli et al” *Am J Hum Biol* 26(6):874
- 2012 “Response to Liu and Li: In defense of gemmules - really?” *Int J Epidemiol*, 41(5): 1493-4.

- 2005 “The origins of the developmental origins hypothesis and the role of postnatal environments: response to Koletzko”. *Am J Hum Biol*, 17: 662-64, 2005.

Symposia and workshops organized

- 2017 “The Gut Microbiome in Human Biology and Health: New Opportunities for the Study of Health Disparities”, w/Katie Amato, Health Inequality Network, HCEO, Chicago, November 9-10.
- 2016 “The Maternal Environment”, w/Burt Singer, Health Inequality Network, HCEO, Chicago, November 17-18.
- 2015 “Energetics in Human and Non-Human Primate Evolution: Moving from Theory to Empirical Tests”, w/Herman Pontzer, Wiley-Blackwell Symposium, AAPA annual meeting, St Louis, March 26
- 2006-11 Co-director and instructor (w/ T McDade and E Adam), Annual Cells 2 Society Summer Biomarker Institute (funded by NIH)
- 2007 “The Adaptable Phenotype”, w/ D Benyshek, joint AAPA/HBA/NSF sponsored symposium on the emerging synthesis of evolutionary-developmental biology, developmental plasticity, epigenetics, and life history theory, AAPA annual meetings in Philadelphia, March 2007
- 2004 “The Fetal Origins of Developmental Plasticity: Life History, Health and Disease” w/ IL Pike, Plenary session at annual meeting of Human Biology Association, Tampa, Fla.

Invited seminars, lectures, plenaries

- 2018 Seminar, Center for Child Growth and Development, University of Michigan, Oct 30.
- 2018 Keynote speaker, International Society for Evolution, Medicine and Public Health, Park City Utah, Aug 3.
- 2018 Invited speaker, National Academy of Sciences Expert Meeting “Using Longitudinal Studies of Younger Cohorts for Aging Research”, Washington DC, June 25-26.
- 2018 Invited speaker, “Energetics of the Hominins”, College de France, Paris June 11-12.
- 2018 Neurobiology Interdisciplinary Talk Series, Lurie Children’s Hospital, Chicago, Jan 9.
- 2017 Grand Rounds, Public Health Sciences, Loyola, Maywood, Dec 5
- 2017 Speaker in “The Gut Microbiome in Human Biology and Health: New Opportunities for the Study of Health Disparities” Health Inequality Network, Chicago, November 9.

- 2017 Seminar, Behavioral Ecology Group, SUNY Stony Brook, Nov 3
- 2017 “State of the art” plenary and Grand Rounds, Midwest Society for Pediatric Research, Lurie Children’s Hospital, Chicago, Oct 13
- 2017 Seminar, Depts. of Psychology and Anthropology, University of New Mexico, Albuquerque, NM, Oct 6.
- 2017 Seminar, Dept. of Anthropology, Dartmouth, Hanover NH, Sept 29
- 2017 Invited speaker, Conference on Early Life Determinants of Later Life Health and Well-being: The Microbiome and Epigenetics as Biological Mechanisms May 11, U Wisconsin, Madison
- 2017 Invited speaker, Conference on Plasticity and its Limits, Technical University of Munich, Germany, January 19-20.
- 2016 Speaker, Domain Dinner on Developmental Origins of Health and Disease, Northwestern, November 29.
- 2016 Speaker, Conference on Maternal Environment, Human Capital and Economic Opportunity Working Group, University of Chicago, Nov 17
- 2016 Seminar, Endocrinology Speaker Series, Feinberg School of Medicine (Northwestern), Oct 20
- 2016 Seminar, Dept. of Evolutionary Anthropology, Duke University, Durham, Sept 16
- 2016 Participant and Moderator, Global Inequality Workshop, Northwestern University, Evanston, May 12-13
- 2016 Seminar, Center for Behavior, Evolution and Culture and Institute for Society and Genetics, UCLA, Los Angeles, March 28
- 2016 Seminar, Department of Anthropology, University of Georgia, Athens, Jan 15
- 2015 Plenary Speaker, Nestle International Nutrition Symposium on “Cognition and Brain Health”, Lausanne, Switzerland, October 21-23.
- 2015 Private lecture, CARTA Symposium on “Unique Features of Human Skin”, Salk Institute, La Jolla CA, Oct 17.
- 2015 Public lecture, CARTA Symposium on Skin “Unique Features of Human Skin”, Salk Institute, La Jolla CA, Oct 16.

- 2015 Seminar, Department of Nutrition and Dietetics, University of San Carlos, Cebu City, Philippines, September 25.
- 2015 Plenary Speaker, Human Behavior and Evolution Society Annual Conference, Columbia, MO, May 29
- 2015 Plenary Speaker, Palmer Symposium on Addressing Inequalities in Health, Loyola University, Maywood, IL April 11.
- 2015 Plenary Speaker, European Human Behavior and Evolution Association Annual Conference, Helsinki, March 31
- 2015 Public lecture, University of Cape Town, South Africa, Feb 27
- 2015 Public lecture, University of the Witwatersrand, Johannesburg, South Africa, Feb 25
- 2015 Seminar, UCLA Medical School Harbor Center, Los Angeles, Feb 16
- 2015 Seminar, Department of Human Evolutionary Biology, Harvard University, Feb 12
- 2015 Seminar, Department of Psychology Brown Bag, Northwestern, Feb 5
- 2014 Seminar, New York Consortium in Evolutionary Primatology (NYCEP), Dec 11
- 2014 Invited Speaker, Evolutionary Aspects of Child Development and Health, Simon Fraser University, Vancouver, June 3-6
- 2014 Seminar, Center for Demography and Ecology, University of Wisconsin, April 25
- 2014 Participant and speaker, Workshop on Advances in Biodemography, National Academies of Science, Washington DC, April 8-9.
- 2014 Speaker, Symposium: The Maternal Imprint, Harvard University, April 4.
- 2014 Seminar, Department of Anthropology, University of Michigan, March 10.
- 2014 Seminar, School Human Evolution & Social Change, Arizona State University, Feb 26
- 2014 Seminar, Department of Anthropology, UNLV, Feb 24
- 2014 Speaker, AAAS session on “Comparative Advantage: Global Perspectives on Human Biology and Health”, Chicago, Feb 16.
- 2013 Seminar, Nutrition Obesity Research Center, U of Alabama, Birmingham, Nov 26.

- 2013 Network participant, “Leveraging Matched Administrative Datasets to Improve Education Policy: Building a National Interdisciplinary Network”, Northwestern, Oct 10-11.
- 2013 Lecture, Translational Health Disparities Course, National Institute of Minority Health and Health Disparities (NIH), Aug 6.
- 2013 Seminar, Broom Center for Demography, U of California, Santa Barbara, April 22
- 2013 Seminar, Human Biodemography Lab, U of California, Santa Barbara, April 23.
- 2012 Seminar, National Human Genome Research Institute (NIH), Bethesda, October 18.
- 2012 Invited speaker in International Society of Developmental Psychology session on “Beyond allostatic load: rethinking the role of stress in adaptively regulating human development”, New Orleans, Oct 12.
- 2012 NUIDEAS speaker in session Fatherhood: History, Hormones, Home and Health, Chicago, Sept 24
- 2012 Speaker, Kenneth Rainin Foundation 2012 Innovations Symposium on Evolutionary Medicine, Chicago, July 20.
- 2012 Seminar, Institute for Policy Research, Northwestern University, May 7, 2012.
- 2012 Speaker, IUSSP workshop on Long Range Effects of Early Life Conditions, Berkeley, May 1-2.
- 2012 Seminar, Roswell Park Cancer Center, Buffalo, April 23.
- 2012 Seminar, Lectures in Reproductive Science Seminar Series, Center for Reproductive Science, Northwestern University, March 7, 2012.
- 2012 Seminar, Department of Anthropology, Emory University, Feb 13, 2012
- 2012 Seminar, Centers for Disease Control, Division of Public Health Genomics, Atlanta, Feb 10, 2012
- 2012 Lecture, Society for Maternal-Fetal Medicine course on “Frontiers of Science: Prenatal Stress and Adverse Pregnancy and Child Health Outcomes”, Dallas, Feb 6
- 2011 Lecture, University of San Carlos, Main Campus, Cebu City, Philippines, Dec 14, 2011
- 2011 Seminar, Epidemiology Working Group, University of Chicago Medical Center, Oct 26, 2011.

- 2011 Lecture, Demo-Doc Fall School, Max Planck Institute for Demographic Research, Rostock, Germany, Oct 20, 2011.
- 2011 Seminar, Max Planck Institute for Demographic Research, Rostock, Germany, Oct 20, 2011.
- 2011 Invited Discussant, 19th Annual Penn State Symposium on Family Issues, Oct 4, 2011.
- 2011 Speaker and network participant, first meeting of the Health Inequality Network, Department of Economics, University of Chicago, Sept 9-10.
- 2011 Plenary speaker, Fall Clinic, Columbia St. Mary's Hospital, Sept 13, Milwaukee.
- 2011 Plenary speaker, International Society on Hypertension in Blacks (ISHIB), Boston, July 8-10.
- 2011 Lecture, Translational Health Disparities Course, National Institute of Minority Health and Health Disparities (NIH), June 22.
- 2011 Seminar, Harvard School of Public Health, Robert Wood Johnson Health and Society Scholars, May 12, 2011.
- 2011 Invited Speaker, Workshop on "Long-run impacts of early life events", National Poverty Center, University of Michigan, May 5, 2011.
- 2011 Seminar, Yale Institute for Biospheric Studies, April 8, 2011
- 2011 Lecture, Yale Evolutionary Medicine Seminar, April 7, 2011
- 2011 Participant, Wenner-Gren workshop on "Human Biology and the Origins of *Homo*", Sintra, Portugal, March 4-11, 2011.
- 2011 Seminar, University of Michigan, Department of Psychology (Social Neuroendocrinology Speaker Series), Feb 15, 2011
- 2010 Plenary Speaker, 4th National Conference on Genomics and Public Health, NIH, Bethesda, Dec 7-10, 2010
- 2010 Seminar, Johns Hopkins School of Public Health, Center for Health Disparities Solutions, Dec 6, 2010.
- 2010 Seminar (Frontiers Colloquium Series), University of Pennsylvania, Anthropology, Nov 22, 2010.

- 2010 Invited speaker, New York Academy of Sciences, Behavioral Epigenetics Symposium, Boston, Oct 28.
- 2010 Seminar, Cornell, Department of Neurobiology and Behavior, Oct 27.
- 2010 Lecture, Cornell, Evolutionary Medicine Seminar, Oct 27.
- 2010 Seminar, Comprehensive Center on Obesity, Feinberg School of Medicine, Northwestern University, Oct 12.
- 2010 Lecture, Translational Health Disparities Course, National Center of Minority Health and Health Disparities (NIH), Sept 22.
- 2010 Participant, School for Advanced Research Seminar on “Race, Culture and Biology”, Santa Fe, NM, May 1-7, 2010.
- 2010 Seminar, University of New Mexico, Medical School, April 13, 2010.
- 2010 Seminar, University of San Carlos, Cebu City, Philippines, Feb 25, 2010.
- 2010 Seminar, UCLA, Center for Society and Genetics, Feb 18, 2010.
- 2010 Seminar, University of California, Irvine, Medical School. Feb 17, 2010.
- 2009 Invited session chair and speaker, 6th World Congress for the Developmental Origins of Health and Disease, Nov 19-22, Santiago, Chile.
- 2009 Participant, Planning Meeting On The Effects Of Early-Life Experiences On Later Life Outcomes, National Academy of Sciences, Washington DC, October 26.
- 2009 Participant, Workshops on Evolution and Diseases of Civilization held as part of the First Annual Global Health Summit, Charité Universitätsmedizin, Berlin, October 12-15.
- 2009 Seminar, Evolutionary Studies Speaker Series, SUNY Binghamton, October 8.
- 2009 Mead Johnson Lecture, Perinatal Research Society, Mohonk Mountain House, NY, September 25-27.
- 2009 Speaker, Bridging Life Course and Complex Systems Approaches to Population Health and Health Disparities, Bethesda, September 18.
- 2009 Speaker, Emergence of Health Trajectories in Childhood, Population Association of America, Detroit, April 30.

- 2009 Speaker, 40th Anniversary Conference for the Institute for Policy Research, Northwestern, April 17.
- 2009 Seminar, University of Southampton Medical School (UK), March 20, 2009
- 2009 Speaker, Society for Gynecologic Investigation meetings (Darwin, Development and DOHaD), Glasgow, March 18, 2009.
- 2009 Seminar, Institute for Policy Research, Northwestern University, March 2, 2009.
- 2009 Seminar, Harvard University, Biological Anthropology, Feb 5, 2009
- 2009 Distinguished Lecturer in Physical Anthropology, University of Colorado, Boulder, January 30, 2009.
- 2008 Seminar, Baylor College of Medicine, Child Nutrition Research Center, Oct 30.
- 2008 Speaker, American College of Epidemiology (“The Dawn of Evolutionary Epidemiology”), Tucson, Sept 14-16, 2008.
- 2008 Symposium, The Yale Symposia on Evolution in Health and Disease (SC Stearns, organizer), April 17th, 2008.
- 2008 Seminar, University of New Mexico, Department of Anthropology, April 3, 2008.
- 2008 Participant, Workshop “Earth system context for hominin evolution”, National Research Council (National Academies), Irvine CA, Feb 21-22, 2008.
- 2008 Seminar, NIH Perinatal Research Branch, Wayne State University, Feb 6.
- 2007 Seminar, Maryland Population Research Center, University of Maryland, Oct 5.
- 2007 Keynote speaker and Discussant at IUSSP/NIH/UN-sponsored workshop on “Aging in Developing Countries: Building Bridges for Integrated Research Agendas”, Santiago, Chile, April 23-24.
- 2007 Lecture, Liggins Institute, University of Auckland, New Zealand, March 20-22, 2007
- 2007 Seminar, Department of Anthropology, University of Wisconsin (Milwaukee), Jan 26, 2007.
- 2007 Seminar, Northwestern Medical School (Endocrinology), Jan 17, 2007.

- 2006 Speaker, Seminar on the Ecology of the Male Life Course sponsored by the International Society for the Scientific Study of Population (IUSSP), Rauschholzhausen Castle, Germany, 10-12 October.
- 2006 Plenary, 4th International Congress for the Developmental Origins of Health and Disease, Utrecht, Netherlands, Sept 13-17, 2006.
- 2006 Public lecture, the Liggins Institute, University of Auckland, February 22, 2006.
- 2005 Speaker, Chicago Workshop on Biomarker Collection in Population-Based Health Research, The Center on Aging, NORC and the U of Chicago, June 9-10, Chicago.
- 2005 Speaker, introductory conference for Cells 2 Society, The Center on Social Disparities and Health. June 6, Northwestern University, Evanston.
- 2005 Seminar, Institute of Policy Research, Northwestern University. February 21, 2005
- 2005 Seminar, Department of Anthropology, University of Michigan, Ann Arbor. February 18, 2005
- 2004 Speaker, Department of Anthropology, Stanford University. November 20, 2004
- 2004 Seminar, Evanston Northwestern Hospital Research Institute. June 18th, 2004.
- 2003 Seminar, Turek Lab, Northwestern University, Evanston, October 2003.
- 2003 Speaker, FAN international health symposium, Northwestern University, Evanston, February 1, 2003.
- 2002 Seminar, Division of Epidemiology, University of Minnesota, Minneapolis, March 15, 2002.
- 1999 Seminar, sponsored by the Graduate School of the University of San Carlos, Cebu City, Philippines, March 4, 1999.
- 1999 Speaker, 10th Annual Biology Symposium, University of San Carlos (Talamban), Cebu City, Philippines, February 26, 1999
- 1997 Seminar, Centers for Disease Control, Maternal and Child Health Branch, Division of Nutrition and Physical Activity, Atlanta, Ga., June 24, 1997.

Media Coverage

- 2019 New York Times (print), CNN, Science, NPR and other media – coverage of study in *PNAS* demonstrating lasting effects on female education and fertility outcomes related to being exposed in utero to a male co-twin.

- 2018 Multiple – for *Scientific Reports* story using epigenetic age acceleration to assess the physiological costs of aging
- 2018 Multiple – for *Scientific Reports* story reporting higher reproductive success among male mountain gorillas who spend more time caring for and affiliating with infants.
- 2014 NPR, Science and other media – coverage of *PNAS* study quantifying the energetic costs of human brain development and showing that these costs explain humans’ unusually slow childhood growth.
- 2014 Guardian, Times UK and other media – on AAAS talk reporting evidence for intergenerational effects of maternal/grandmaternal nutrition.
- 2012 NPR, BBC, LA Times, Time Magazine, ABC, CBS and many other local, national and international news outlets – for *PNAS* study showing that fathers who wait longer before reproducing pass on longer telomeres (a marker related to slower aging) to offspring and grandoffspring.
- 2012 *Science* magazine, story in print edition on paper presented with graduate student co-author at AAPA national meeting, by Ann Gibbons.
- 2011 New York Times (front page), LA Times, Wall Street Journal, NPR, extensive coverage on domestic and international television broadcast and cable networks, radio and print – for *PNAS* study demonstrating decline in testosterone among new fathers.
- 2010 Scientific American, Science, National Geographic, NPR, others – for *PNAS* study linking early postnatal nutrition with adult reproduction and life history.
- 2009 Interviewed on CNN for segment reporting findings of our work in the Philippines (“Getting Dirty and Health”, Susan Hendrick reporting, first appeared Dec 25).
- 2009 CNN, findings of Philippine work covered by Sanjay Gupta on Campbell Brown show (Dec. 9).
- 2009 *Science* magazine, “What’s for dinner? Researchers seek our ancestors’ answers” by Ann Gibbons, vol 326 (5959), pp. 1478-79.
- 2007 Op-Ed/Commentary (w/PD Gluckman), Sunday Star Times (New Zealand), July 15th, 2007.
- 2006 “Upfront” profile and interview, in *The Listener* (New Zealand events/news/culture weekly), March 11-17, 2006.
- 2006 February 27, 2006, *New Zealand Herald*

- 2006 Studio interview on *Afternoons with Jim Mora*, National Radio, Radio New Zealand, February 16, 2006
- 2006 Radio interview with Mike Hoskings on Newstalk Radio ZB, February 25, 2006
- 2000 *Science News*, Damaris Christensen, ‘Weight matters, even in the womb: Status at birth can foreshadow illnesses decades later’. Vol. 158, No. 24 (<http://www.sciencenews.org/20001209.asp>)
- 1990 *New York Times* ‘Students find ancient Indian site in Colorado’. Sunday, Aug 25 Section A p.33 (Lexis/Nexis)
- 1990 *Los Angeles Times*, Evan Maxwell, ‘A centuries old village sets off familiar dispute. Clay pot sherds lead to the discovery of an unmapped Anasazi site in Colorado’. Tuesday Nov. 13, Section A p. 5. (Lexis/Nexis)

Conference papers

- 2018 Fried RL, Borja J, **Kuzawa CW**. Womb-to-womb: A lifecourse perspective on maternal metabolism during pregnancy. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Gettler L, Kuo PX, Borja JB, Rosenbaum S, **Kuzawa CW**. Trait or state? Exploring dynamic shifts in men’s sociosexuality based on changes in life history status, familial roles, and testosterone in the Philippines. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 **Kuzawa CW**, McDade TW, Rosenbaum S, Borja JB, Gettler LT. Is the decline in testosterone with pairbonding or fatherhood attenuated as men age? The challenge of disentangling biology and selection in longitudinal analysis. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Aronoff J, **Kuzawa CW**, Borja J, McDade TW. Associations between cortisol and C-reactive protein in Cebu, Philippines: C-reactive protein correlated positively with waking cortisol and negatively with diurnal slope. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Ragsdale HB, **Kuzawa CW**, Borja J, McDade TW. Inflammatory cytokines in pregnancy and birth outcomes in the Philippines. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Ryan C, Jones MJ, Kobor MS, Borja JB, McDade TW, **Kuzawa CW**. Genome-wide DNA-methylation is associated with pregnancy and lactation and mediated by changes

- in blood cell composition in young Filipino women. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Kim AW, McDade TW, Borja J, **Kuzawa CW**. Early life social experiences as predictors of depression in Cebu, Philippines: Investigating the mediating roles of the HPA axis and DNA methylation. Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Rosenbaum S, Gettler LT, Borja JB, McDade TW, **Kuzawa CW**. Does men's testosterone rebound as parenting duties decline, or when pairbonds dissolve? Paper presented at the Human Biology Association Annual Meeting, Austin.
- 2018 Kim, A.W., Ryan, C.P., Borja, J., McDade, T.W., **Kuzawa, C.W**. Early life social experiences as predictors of depression in Cebu, Philippines: Investigating the mediating roles of the HPA axis and DNA methylation. Population Health Forum/Global Health Day, Northwestern University Institute for Public Health and Medicine, 4 December 2018.
- 2018 Kim, A.W., Ryan, C.P., Bechayda, S.A, McDade, T.W., **Kuzawa, C.W**. Early life social experiences as predictors of depression in Cebu, Philippines: Investigating the mediating roles of the HPA axis and DNA methylation. Developmental Origins of Disease: Biocultural and Evolutionary Insights from Working with Vulnerable Human and Non-Human Populations. 2018 Canadian Association for Physical Anthropology.
- 2018 Kim, A.W., Ryan, C.P., Borja, J., McDade, T.W., **Kuzawa, C.W**. Early life social experiences as predictors of depression in Cebu, Philippines: Investigating the mediating roles of the HPA axis and DNA methylation. Developmental Pathways for Health Research Unit Postgraduate Journal Club, Soweto, South Africa, 7 August.
- 2018 Ryan, C.P., Edgar, R.D., Jones, M.J., Kobor, M.S., Borja, J.B., McDade, T.W., and **Kuzawa C.W**. Genome-wide DNA-methylation varies with reproductive status and supports costs of reproduction in a cohort of young Filipino women. International Society for Evolution, Medicine, and Public Health, 4th Annual Meeting, Park City, Utah, U.S.A.
- 2018 RL Fried, M Hirschfeld and **C Kuzawa**. "Biological memories: Examining early indicators of intergenerational health among Alaska Native women and children living in Anchorage." The Canadian Association for Physical Anthropology annual meeting, London, Ontario, Canada.
- 2018 RL Fried, M Hirschfeld and **C Kuzawa**. "Biological memories: Examining early indicators of intergenerational health among Alaska Native women and children living in Anchorage." Alaska Maternal Child Health and Immunization Conference, Anchorage, AK.

- 2018 RL Fried and **C Kuzawa**. “Infant Feeding in the Urban North: Maintaining culture and health through subsistence foods.” Society for Applied Anthropology annual meetings, Philadelphia, PA.
- 2017 Kim, A.W., McDade, T., Borja, J., **Kuzawa, C**. Evaluating the social buffering effects of social support on the HPA axis and depressive symptoms in Cebu City, Philippines. 2017 American Anthropological Association.
- 2017 Fried RL, **Kuzawa CW**. Using hierarchical linear modeling (HLM) to explore the maternal and environmental drivers of early growth patterns at Cebu. Paper presented at the Human Biology Association Annual Meeting, New Orleans.
- 2017 Barrett TM, **Kuzawa CW**, Borja JB, McDade TW. Inflammatory response to influenza vaccination predicts cardiovascular health among middle-aged women in the Philippines. Paper presented at the Human Biology Association Annual Meeting, New Orleans.
- 2017 Ortega R, Mayol N, Carba D, Duazo P, **Kuzawa CW**, Hayes MG, Eisenberg DTA. Alcohol usage is not associated with blood telomere length among middle-aged Filipino women from the Cebu Longitudinal Health and Nutrition Survey. Paper presented at the Human Biology Association Annual Meeting, New Orleans.
- 2017 **Kuzawa C**, Georgiev A, Borja J, McDade T. Do human mothers shield offspring from oxidative stress? Evidence from Cebu, Philippines. Paper presented at the Human Biology Association Annual Meeting, New Orleans.
- 2017 Ryan, C.P., Jones, M.J., MacIsaac, J.L., Morin, A., Borja, J.B., Kobor, M.S., **Kuzawa, C.W.**, McDade, T.W. Epigenetic pathways of intergenerational phenotypic inertia in birth weight: Evidence from mothers in Cebu, Philippines. AAPA Annual Meeting, New Orleans.
- 2017 Eisenberg, D.T.A., Hayes, M.G., McDade, T.W., Ryan, C.P., Georgiev, A.V., Jones, M.J., Kobor, M.S., **Kuzawa, C.W.**, Costs of reproduction assessed via telomere length and epigenetic age measures of biological senescence in young adult women from Cebu, the Philippines. AAPA Annual Meeting, New Orleans.
- 2017 Tennyson RL, Gettler LT, Kuzawa CW, Hayes MG, Agustin SS, Eisenberg DTA. Does early life pathogen exposure modify the link between psychosocial stress and telomere length in the Philippines? Paper presented at the Human Biology Association Annual Meeting, New Orleans.
- 2016 Gettler LT, Eisenberg DTA, Hayes MG, and Kuzawa CW. 2016. Androgen receptor gene CAG repeats, testosterone, and male life history. American Association of Physical Anthropology. Atlanta, GA.

- 2016 Georgiev, A.V., Ryan, C.P., Gettler, L.T., McDade, T.W. & Kuzawa, C.W. Prenatal androgen exposure (2D:4D) and its relationship to early growth and adult reproductive effort in men from Cebu, The Philippines. *American Journal of Physical Anthropology*, 159, S2: 153.
- 2016 Ryan, C.P., Georgiev, A.V., McDade, T.W., Gettler, L.T., Eisenberg, D.T.A., Hayes, M.G. & Kuzawa, C.W. Does androgen receptor genotype moderate the relationship between testosterone and somatic traits? A test in young adult males from Cebu, Philippines. *Annual meeting of the Human Biology Association, Atlanta, GA, April 13-14, 2016*.
- 2016 RL Fried, NR Lee, TW McDade and CW Kuzawa. "Maternal glucose status (HbA1c) during pregnancy and offspring birth outcomes in Cebu, Philippines." Human Biology Association meetings, Atlanta, GA.
- 2016 TW McDade, C Ryan, RL Fried, M Jones, M Kobor and C Kuzawa. "Early origins of inflammation: Does DNA methylation mediate the association between nutritional and microbial environments in infancy and the regulation of inflammation in young adulthood?" Human Biology Association meetings, Atlanta, GA.

Meeting of the American Association of Physical Anthropologists, Las Vegas. *Amer J Phys Anthropol*, Suppl 14, p.103

Student Advising and Teaching

Undergraduate senior and honors research theses advised: ~30

Current PhD Advisees (Chair)

Ruby Fried
Calen Ryan
Andy Kim
Jacob Aronoff
Haley Ragsdale

Former PhD Advisee (Chair)

Zaneta Thayer (now Assistant Professor, Dartmouth)
Elizabeth Quinn (now Assistant Professor, Washington University, St. Louis)
Dan Eisenberg (now Assistant Professor, U Washington, Seattle)
Lee Gettler (now Assistant Professor, Notre Dame)

Former Committee Member

Mark Sorensen (Associate Professor, University of North Carolina, Chapel Hill); Josh Snodgrass (Associate Professor, University of Oregon); Kathryn Hicks (Assistant Professor, University of Memphis); Colleen Nyberg (Assistant Professor, University of Massachusetts, Boston); Elizabeth Sweet (Assistant Professor, Northwestern); Amy Desantis (Post-Doc, U of Michigan); Marco Aiello (De Paul); Aaron Miller (Lab tech, Northwestern); Melanie Vento

Former Post-Doctoral Advisee

Stacy Rosenbaum (starting 2019 Assistant Professor, University of Michigan)
Alex Georgiev (now Lecturer, University of Wales, Bangor)
Julienne Rutherford (now Assistant Professor, University of Illinois Chicago)
Megan Workman (now Instructor, Department of Biology, Pima College)

Courses taught

Evolutionary Medicine (ANTH 390)
The Evolution of Life Histories (ANTH 306)
Advanced Methods of Quantitative Analysis (ANTH 362)
Human Growth and Development (ANTH 314)
Methods in Human Biology Research (ANTH 386)
Freshman Seminar in Evolutionary Medicine (ANTH 101)
Graduate: Evolutionary Theory
Graduate: Human Life History and Reproduction
Graduate: History and Theoretical Foundation of Biological Anthropology and Human Biology
Graduate: Human Growth and Development

Graduate: Evolution of Life Histories
Graduate: Fat in Adaptation and Disease
Graduate: Inheritance: Darwin, the Modern Synthesis, Epigenetics
Graduate: Bridging Seminar: Brain, Body and Culture

Service/Elected Offices

2019- Associate Editor, *American Journal of Human Biology*
2018- Advisory Committee, National Science Foundation, Directorate for Social, Behavioral and Economic Sciences.
2018- American Association of Physical Anthropologists, Annual conference planning committee
2016- Leader, Health Inequality Network, Human Capital and Economic Opportunity Working Group.
2015- Publication Committee for AAPA
2012-2014 Program Committee for AAPA (2013-2014 Annual meetings)
2006-2009 Human Biology Association (Chair, Elections and Nominations Committee)
2005-2008 Executive Committee (Member-at-Large), American Anthropological Association, Biological Anthropology Section.
2005-2008 Executive Council of the International Society for Developmental Origins of Health and Disease (specialty representative: evolutionary developmental bio).
2002-2004 Executive Committee, Student Member, Society for International Nutrition Research (FASEB/Experimental Biology).

Ad hoc grant/manuscript reviews:
